Made in Austria

**Your partner for  
concrete block moulds**  
for more than 45 years

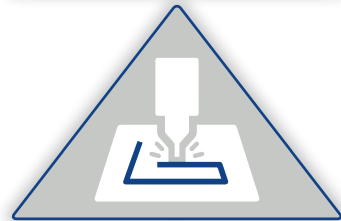

# ZENITH FORMEN · STAHL · BAU

The **combination** of highly developed **craftsmanship** and state-of-the-art **CNC processing** and **laser technology** guarantees **quality** paired with **flexibility** and high stability. This know-how is the basis to solve your task in the best possible way, be it in **welded or screwed execution**.

We make moulds for **floor, multi-layer** and **board production**, suitable for your machine type **regardless of the machine manufacturer**. We are your partner for all types of **paver, curb, hollow stone moulds**, as well as the supplier for **palisade** and any **special moulds**.

Our service does not only include the **development** or **production** of new moulds, but also the **maintenance, repair** and **conversion of your existing moulds** – **independent of the mould manufacturer**.

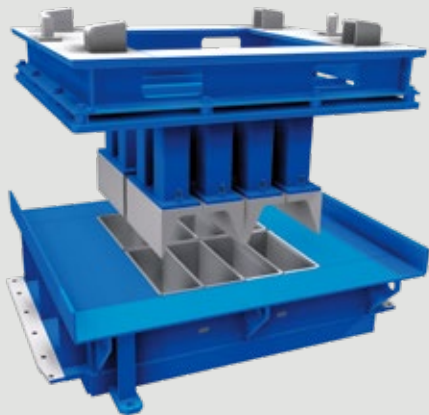

All types of  
**plate-, eco- and paver stone moulds,**  
for all machine types

- ▲ Free surface design
- ▲ Spacers in all variations
- ▲ Tolerances in the individual box of +/- 0.3 mm
- ▲ Optional tamper head shoes on rubber buffers
- ▲ Eco-stone moulds of all designs

For all machine types,  
**curb-** and **hollow block moulds**,  
in all versions

- ▲ High dimensional accuracy
- ▲ Welded or bolted mould design
- ▲ Exchangeable swords
- ▲ Robust and proven in practice construction
- ▲ Flexible mould design options
- ▲ Optional drawing plate execution

## **Hedge- and special stone moulds, as well as other services**

- ▲ Optional drawing plate execution
  - ▲ High quality wear steel
  - ▲ Hydraulic execution possible
  - ▲ Repair and conversion of your existing moulds
  - ▲ Assistance with planning and developing your products
  - ▲ Our services are independent of the mould manufacturer

# Looking forward to your visit at our factory in Austria!

Well connected to the international transport infrastructure, in Feistritz an der Drau, in the south of Austria, in the heart of Europe.
